

To Whom it Concerns,

I am writing you in regards to Sinclair airing the Anti-Kerry propaganda program. I am disgusted and appalled that you would allow such untruthful crap on the airwaves when such a hulabaloo was made over the superbowl incident. This thing is misleading and inaccurate. I think it is time that you stepped in and do something about this. Seeing that you are always censoring nonsense, don't you think it is equally important to stop a public broadcasting station from forcing their political views on the general public by airing inaccurate and untruthful programming or do you only do this for programs that make toilet jokes!! It is bad enough that you jerks exist to censor things in an alleged free and democratic society, at the very least you should be mindful of misleading stupidity like this. A man's reputation is on the line!! Do the right thing!

Signed an outraged Former Republican!!!
